Mr. Walsh
RECEIVED

27 REC'D

COUSSEL TO THE GOVERNOR

February 26, 1958

hon. Daniel Cutman
Counsel to the Governor
Executive Chamber
Albany, N. Y.

Dear Dan:

My bill Assembly Introductory 913,
Print 1796, simply includes gravity knives
in Section 1896 which makes any person who
sells or has in his possession certain
dangerous weapons guilty of a misdemeanor.

The gravity knife has come into
being as a circumvention of this section and
is the successor of the switchblade knife.
The gravity knife is not violative of this
section and, therefore, it is imperative that
it be included.

Sincerely yours,

Stanley

STANLEY STEINGUT
Member of Assembly

Hon. Daniel Gutman,
Counsel to the Governor,
Executive Chamber,
Albany, N.Y.

Dear Judge Gutman:

This acknowledges your memorandum, enclosing Assembly Bill Print No. 913-1796 Int. 913, an act to amend the penal law, in relation to the sale or possession of gravity knives.

The proposed legislation deals with a technicality concerning a type of dangerous weapon and clarifies and reinforces existing law. The Division recommends approval.

Very truly yours,

Francis S. McGarvey

Francis S. McGarvey

Governor Averell Harriman
State Capitol Building
Albany, New York.

Honorable Sir:

I am confirming on behalf of our Association
the following telegram sent to you on yesterday's
date.

"Advised bill regarding Gravity Knives
passed Senate Assembly. Now awaiting
your signature. Our Association urges
you sign."

Due to the teenage problem at present prevalent
in New York City the passage of the bill in our
opinion will improve conditions in our City by
its enforcement.

Your co-operation is enlisted in this matter and
our Association would appreciate receiving your
comments at your earliest convenience.

Anticipating your favorable reply.

Sincerely yours,
Clemens Grafe

LOUIS J. LEFKOWITZ
ATTORNEY GENERAL

MEMORANDUM FOR THE GOVERNOR

Re: Assembly Int. 913, Pr. 1796

This bill amends the Penal Law, Section 1896, which makes it a misdemeanor for a person to manufacture, sell, loan, lease or give a switchblade to any other person. The amendment similarly condemns the sale, loan or lease of gravity knives which are defined therein to be knives containing blades automatically opened by the force of gravity. Section 1897, subdivision 3, relating to the possession, is amended to permit the carrying of gravity knives in certain circumstances.

There is no legal objection to this bill.

Dated March 3, 1958

Respectfully submitted,

Louis J. Lefkowitz
LOUIS J. LEFKOWITZ
Attorney General

This proposal would amend Section 1896 and subdivision 3 of Section 1897 of the Penal Law. The bill defines as a misdemeanor the manufacture, sale or possession of a gravity knife and as a felony the possession of such a knife if previously convicted of any crime. The gravity knife is one which is released from the handle or sheath thereof by gravity or by the application of centrifugal force. When released, it is locked in place by means of a button, spring, lever or other device.

Under the present statutes covering dangerous and unlawful weapons, the switchblade knife is included therein while there is silence as to the gravity knife. There can be no doubt that the gravity knife is as much a hazard to the safety of the general public as the switchblade knife. Since it has been made unlawful to have and possess a switchblade knife, the gravity knife has been most attractive and useful to those engaged in criminal activity. The experience of this Department indicates that gravity knives are being used increasingly as weapons in the perpetration of such crimes as homicides, assault, rape and robbery. Naturally, since it is not unlawful to possess such a knife under present law, the person about to commit such heinous crimes has no fear of being apprehended with such knife in his possession. As a result, one of the deterrent factors in the prevention of serious crimes is lost.

- 2 -

The gravity knife is inherently dangerous. To children and adults not versed in the use of such weapons, this knife can cause very serious injuries.

For the above reasons, this Department strongly urges the enactment of this proposal.

Res. No. 8

Resolution Calling Upon the State Legislature to Pass Legislation Prohibiting the Sale of Gravity Knives.

By Mr. Kranis—

Whereas, State Legislation to ban the sale of gravity knives is the crying need in the City of New York; and

Whereas, Such legislation has been discussed by prominent people in public life and they have urged such legislation; and

Whereas, The public prosecutors of The City of New York have all campaigned for such legislation; and

Whereas, The manufacturing of such gravity knives and the sale of them to teenagers, increases crime and juvenile delinquency; and

Whereas, The 1952 Legislature had outlawed the sale of switchblade knives to persons under 16; and

Whereas, Such law had not prohibited the sale of such gravity knives and because of such omission in the 1952 law in not prohibiting the sale of gravity knives, find themselves in abundance in the hands of teenagers with resultant increase in crimes; and

Whereas, Such legislation against the sale of gravity knives would be an important factor in curtailing juvenile delinquency; now, therefore, be it

Resolved, That the City Council go on record to asking the State Legislature to pass such legislation; and be it further

Resolved, That the Governor of the State of New York urge the State Legislature to pass said legislation; and be it further

Resolved, That a copy of this resolution be sent to His Excellency, the Governor of the State of New York and the Majority and Minority Leaders of both houses.

The City of New York, {
Office of the City Clerk, { ss.:

I hereby certify that the foregoing is a true copy of a
Resolution passed by The Council of The City of New York on
FEBRUARY 18, 1958 on file in this office.

City Clerk, Clerk of the Council.

GROUP SEEKS BAN ON GRAVITY KNIFE

Successor to Switchblade Is Called a New Tool of Teen-Age Crime

By EMMA HARRISON

The "gravity knife" was introduced here yesterday as the "legal" successor to the outlawed switchblade. The purpose was to announce a campaign to outlaw the gravity knife as a tool of teen-age crime.

Several of the knives, recently confiscated by the police, were shown by the new Committee to Ban Teen-age Weapons as it opened its drive for legislation to ban the knives. They were said to be flooding the city.

By a technicality in the construction of the knife, manufacturers and distributors are able to sell it with impunity here, said Supreme Court Justice John E. Cone, committee chair-

man. He was interviewed at the New Yorker Hotel.

Judge Cone selected a sleek, silverish object from weapons that the committee had on display. He flicked his wrist sharply downward and the long blade shot forth and anchored firmly in position.

"You see," he said, "the blade leaps out with a flip of the wrist and circumvents the law on switchblade knives. There is no button needed to open it."

The knife circumvents the state law banning the sale of the switchblade, which opens by a spring mechanism. The law was passed in 1954.

Teen-agers have become aware that the knife can be purchased legally and have openly chased the police when it has been found in their possession, Judge Cone reported. He said the knife was readily obtainable all over the city.

Ralph Whelan, executive director of the Youth Board, declared "the easy purchase of these knives is a contributing factor to the increase in juvenile and youth crime in the city" and that they had figured in "many local laws were helpless against of the most vicious crimes by young people."

Judge Cone's knife demon-

stration was attended by committee members and other citizens pledged to sponsor or support several types of legislation to outlaw the knife and other weapons used by youngsters. They announced the following legislative program for state, city and national action:

qA state law to outlaw the gravity knife.

qA state law making it unlawful to sell or give away any ammunition in New York City without the recipient's showing of a gun permit, hunting license or authorization from a national rifle association.

qA measure to create a temporary state commission to study and recommend revision of the Sullivan Law relating to dangerous weapons, to eliminate "contradictory and outmoded provisions" and accurately to redefine dangerous weapons.

qFederal legislation to prohibit interstate traffic in switchblade and gravity knives. It was estimated that 1,000,000 switchblade and gravity knives were either sold in or brought into the city yearly, and that many local laws were helpless against mail order purchases of the switchblade.

Representatives Edna F. Kelly

and Victor L. Anfuso, Brooklyn Democrat-Liberals, will introduce the Federal legislation.

Senate minority leader Joseph Zaretzki and Assemblyman Stanley Steingut, both Democrats, will sponsor the bill to outlaw the gravity knife. Senator Frank J. Pino and Assemblyman John J. Ryan, also Democrats, will sponsor measures to limit sale of ammunition and to establish the temporary commission.

The committee is composed of about 100 public officials and civic, welfare and religious leaders.

COURT BANS SALES OF GRAVITY KNIVES

The Court of Special Sessions ruled yesterday that gravity knives were in the same category as switchblade knives, and their sale or possession was a violation of the Sullivan law.

A gravity knife is one with a button that keeps the blade concealed. When the button is pushed, disengaging the blade, a flip of the wrist or simply holding the knife pointed down will set the blade in place for cutting.

After the outlawing of switchblade knives, which operate with a spring mechanism, some hoodlums took to carrying gravity knives.

The ruling, handed down by Justices Edward T. Galloway, John V. Flood and Magistrate J. Randall Creel, who is sitting in Special Sessions temporarily, came in the case of a novelty store salesman.

The salesman, Terry Powell, 25 years old, of 305 East Twenty-fourth Street, was arrested last May in the Funny Store, Inc., at 1481 Broadway. He had sold a gravity knife to Detective Nardin Duncan. He was found guilty of violating the section of the law banning switchblade knives. He will be sentenced on March 12.

On Tuesday the City Council appointed a special committee to make recommendations concerning legislation designed to tighten control over the sale of dangerous weapons and ammunitions. One of the matters on the committee's agenda for discussion at its meeting on Monday is the gravity knife.

Ban Asked on Teen-Agers' Weapons

The New York Times
Police Commissioner Stephen P. Kennedy, left, and Grover A. Whalen, a former Commissioner, examine a zipgun.

A committee of public officials and private citizens began a campaign yesterday for 250,000 signatures to petitions for outlawing the gravity knife and the sale of ammunition to anyone except a licensed hunter.

The drive was begun by the Committee to Ban Teen-Age Weapons at its new headquarters, 714 Fifth Avenue. The legislation is aimed at young hoodlums in New York, but enactment by city, state and nation was felt to be necessary. Bills have been introduced into the City Council, Legislature and Congress. The gravity knife is one in which

a long blade slides by its own weight out of a hollow handle and locks in place. It became popular among young gangsters after the switch-blade knife was outlawed in 1954. A Special Sessions court ruling on Wednesday held that the sale of gravity knives was illegal under the Sullivan Law.

The proposed ban on ammunition is intended primarily to stop the sale of .22-caliber cartridges to boys who shoot them from homemade guns.

Police Commissioner Stephen P. Kennedy said the proposed legislation would be "helpful" although not the final answer.

HIGHER AGE LIMIT FOR ARMS IS URGED

Kennedy Asks State to Raise
Minimum for Purchase of
Weapons From 16 to 18

The state's Penal Law should be revised to raise from 16 to 18 years the age of persons permitted to purchase firearms and ammunition, Police Commissioner Stephen P. Kennedy declared yesterday.

The Commissioner said adoption of the higher age limit would "provide leadership to other states, particularly those contiguous to New York."

Mr. Kennedy gave his views in an appearance at City Hall before a hearing of a City Council committee. The hearing was on proposals before the Council to seek a state legislative ban on the sale of .22-caliber bullets to teen-agers and on the sale of gravity knives altogether.

A gravity knife is one in which a long blade slides by its own weight out of a hollow handle and locks in place.

The Police Commissioner was one of nine speakers favoring the ban. Five persons opposed it.

Mr. Kennedy called gravity knives "dangerous" and said they should be specifically banned by law. A Special Sessions Court ruling last Wednesday held that the sale of gravity knives was illegal under the Sullivan Law.

The Commissioner conceded that .22-caliber bullets should be available to authorized persons, such as members of rifle clubs, but said that some means of identifying authorized purchasers should be established.

Proposed Ban Scored

The suggested ban on .22-caliber bullets and gravity knives was, however, ridiculed by persons who opposed it.

Karl Frederick, former president of the National Rifle Association and winner of the individual pistol title at the 1920 Olympics in Antwerp, declared that the proposed ban would "disarm the honest people for the benefit of the crook."

The ban, Mr. Frederick asserted, could lead ultimately to prohibiting baseball bats, stones, sticks and kitchen cutlery as dangerous weapons.

Mr. Frederick, a lawyer of Rye, N. Y., and a member of the Commissioner's Advisory Committee of the State Conservation Department, said he had heard that young hoodlums had sometimes used can openers.

"Are you going to ban can openers?" he asked. "They are a very ugly weapon."

According to Mr. Frederick, gravity knives offer convenience to hunters, who can open them with one hand.

Speakers in favor of the proposed ban included Mrs. Nathaniel Singer, women's division chairman of the Committee to Ban Teen-Age Weapons, and James B. McCarthy, executive director of Big Brothers, Inc.

Mr. McCarthy declared that "more New York City youngsters are killed by .22 bullets than by any other."

Two resolutions were the subject of the hearing. One would call on the Legislature to outlaw the sale of gravity knives to persons under 16. The other would call for a ban on the sale of .22-caliber ammunition to teen-agers as "an important factor in curbing juvenile delinquency."
